Damaging Hail Storm Hits Lomond Area

(By Armada Correspondent)

One of the worst storms in many years struck the Lomond-Armada district last Thursday evening at about 9 p.m., with many farmers being completely haled out.

Lightning accompanied the rain, wind and hail with precipitation varying from three-quarters of an inch to three inches.

Among those who suffered heavy crop damage from the hail were Bill Lucas, Stan Marks, Max Hanna, Frank Stokes, Alvin Hendricks, Raymond Beagle, Allan Chambers, Irvin Bennett and many other Lomond district residents whose farms lay in the path of the storm.

Dugouts and sloughs are full and running over and culverts were unable to handle the runoff, with water running over the roads to a width of 30 feet in some places.

Mrs. Hazel Beagle, who said her garden was the best she had ever had, went out the next morning and found there wasn't a thing left. Her potatoes, in a low spot, were under five feet of water. On the Beagle farm, rain was coming through windows thought to be tight and nearly everyone was holding pillows to the windows to prevent them being broken by the hail and wind.

Frank Stokes had several windows broken and as a result his porch floor was covered with water. After the storm had passed he went outside and found hail stones in drifts two feet high, solid enough to stand his weight, with the stones as large as big marbles.

Pastor's Wife Addresses Group

The WWS met at the home of George Hartung for their regular monthly meeting on July 4.

Mrs. Ruth Stinson chaired the devotional part of the meeting, which was opened by singing several hymns and in opening prayer.

Mrs. Heebner gave an inspiring talk, the topic being, "Christian Social Action," placing special emphasis on the fact that as Christians, our lives are not our own but Christ's, and what we as individuals do influences first our family, then our community, and lastly our nation.

The group was then favored with a duet, sung by Mrs. Heebner and Mrs. Ruby Schierman.

A very interesting and lively panel discussion followed. Several subjects relating to Christian citizenship were discussed.

The slides taken at the convention at Yorkton as well as some taken of two missionary families, the Coles and the Jack Williams, were shown.

The business session followed. The Alberta Camp was promoted and all were reminded of the coming Daily Vacation Bible School.

Baby Scott Lebsack was presented with a gift from the society. Best wishes were extended to Mrs. Swanson as she leaves for Olds. The meeting was then adjourned and refreshments were served.

Storms Disrupt Campers At Lake McGregor

(By Queenstown Correspondent)

Storms during the weekend and Thursday caused hardships to campers at Lake McGregor. Thursday night tenters who had no means of shelter at the lake were forced to collapse tents with local people returning home for the evening. Saturday another storm drenched tents and one Calgary family was taken in by Mr. and Mrs. Hellevang until the word was sent to Calgary to come for his family.

Approximately 24 people planned an over-night camping trip at the end of the Lake Saturday night. Two of the smaller boats, that of Don McCord's and Tom Sevrens, started out a bit earlier and were forced to find refuge at a fishing house east of Bruce Crabbs. Two fishing parties from Calgary were also camped there.

After the storm subsided a bit, Irvin Sukut's and Cliff Hellevang's families came down in their boat and found the remainder of the party. Later in the evening when the lake calmed a bit the boats went back to the north end of Lake McGregor.

During the course of the storm Dale Phillips phoned farm homes beside the lake to watch for boats and also got in his car and drove down the lake where roads were available trying to spot the McCords and Sevrens families. Mrs. H. Thompson, Len McCord and Dan Sevrens also drove down the west side of the lake searching for the two boats, but both parties were unable to spot them.

On arrival of the other boat and the news of the concern at the end of the lake Mrs. Hellevang and two girls phoned from Bruce Crabbs of the safety of all. Later Roxanne Hellevang, Dale Phillips and Linda Moran drove down. Some of the passengers returned with them while others rode with one of the fishing parties from Calgary. Those caught in the storm were thankful for the fisherman's shack and cook stove, which was put to quick use.

Former Residents Will Speak At Church of Christ

A Reunion Sunday will be held at the Central Church of Christ, Vulcan, at 11:00 a.m., when guest speakers will be former Vulcan residents Mr. and Mrs. Bill Weale and Miss Eileen Rutberg.

Mr. Weale is presently serving the Church of Christ at Charlottetown, P.E.I. His wife is the former Harriet Gonyea of Vulcan.

Miss Rutberg, whose parents live at Vulcan and who grew up in this community, serves as college secretary and instructor at the Maritime Christian College, Charlottetown.

MR. AND MRS. HARRY H. SMITH, shown above, well known residents of the Vulcan district, celebrated their 40th wedding anniversary on Sunday, July 8, with a family picnic. Mr. and Mrs. Smith were married at Nanton in 1922 and were accompanied at the time by the former's brother, Charles, and his wife, the former

Mary Spanke. Mrs. Harry Smith is the former Grace Plumb of Lomond.

The couple's children, Virgil of Manitoba, Verna of Provost and Merle and Jack of Vulcan, with their families, were present for the occasion and presented their parents with appropriate gifts.

Three on a pail makes it easy work. Vulcan Army cadets, from left, Mike Burchak, Keith Marsh and Gord Coombs, make the chore of filling water pails pretty light by buddying up on the job. The boys were on a two-week junior leader course at the Army's Clear Lake campsite in Riding Mountain National Park, Man. About 800, 14 and 15-year-old cadets from western Canada are attending the camp this summer.

For Carmangay District

Court Order Sets Forth Haworth Scholarship Terms

Terms under which the Andrew Haworth (Carmangay) Scholarship will be awarded in future have been set out by a court order following a hearing before Mr. Justice J. V. H. Milvain, Judge of the Supreme Court.

The Andrew Haworth Scholarship is comprised of one year's income from a \$10,000 trust fund set up under the terms of the late Mr. Haworth's will and was to be awarded annually to the student receiving the highest marks in the final year of Grade 12 at the Carmangay School and was to be used for the further education or academic or vocational training of the student. When the teaching of Grade 12 was discontinued at the Carmangay school there was some variance of opinion regarding the basis on which the scholarship should be awarded in future years and it was decided to have the matter settled by court order, which has now been done.

"The Carmangay District" has been defined as that portion of the County of Vulcan No. 2 which lies to the south of the Little Bow River.

"Graduate from High School" has been defined as the successful completion by a student of the final year of Grade 12, including not less than four departmental examination subjects in the Province of Alberta (or its equivalent as may be set from time to time by the Alberta Department of Education or its successor) and thereby entitling the student to receive a high school diploma (or equivalent).

To be eligible for the Andrew Haworth Scholarship, this year and future years, a student must satisfy the following requirements:

(a) Be a resident of the Carmangay district while attending Grade 12 (or its equivalent) and, (b) Be a student who would normally attend high school in the Village of Carmangay, if a high school was in existence, and, (c) Attend and graduate from High School in the County of Vulcan No. 2 that has been approved by the said County, or attend and graduate from such High School in a district outside but adjacent to the County of Vulcan as sanctioned and in accordance with the direction and approval of the County of Vulcan for purposes of administration of the school system in the said County, and, (d) Graduate from High School with the highest average marks received by him or her among the other eligible recipients of the Andrew Haworth Scholarship for that year on the Departmental subject examinations (or equivalent) provided that if such student does not intend to continue his or her academic or vocational training and/or education after graduation from high school, the Scholarship shall be awarded to the student to graduate from High School with the next highest marks received by him or her among the remaining eligible recipients of the Scholarship.

Provision is made in the court order that in the event of a high school with grades up to and including Grade 12 being re-established in the Village of Carmangay, only those students residing in the Carmangay District, graduating from said high school and otherwise fulfilling all conditions shall be eligible for the scholarship.

If for any reason the income from the trust fund cannot be awarded in the form of a scholarship in any one year, the income for that year shall be re-invested and become part of the trust fund. Applications for the Andrew Haworth Scholarship, under the provisions as set forth above, can now be accepted for the current year and should be forwarded as soon as possible to the Secretary-Treasurer, County of Vulcan No. 2, Vulcan.

School Bus Lost In Fire

A thunder storm hit the Milo area on Monday afternoon, July 16, with lightning striking the John Hughes' farm.

Heavy damage was done when a barn used for a garage was destroyed along with a school bus. Mr. Hughes was able to get a car out of the garage and to move a truck which was parked beside the barn.

Baseball Playoffs Under Way

In the semi-finals of the Football League playoffs, Vulcan defeated Lomond by a 7-5 score on Sunday in the first game of the best of five series.

The second and third games of the series will be played at Vulcan on Wednesday, Aug. 1 and Sunday, Aug. 5.

Vulcan Principal On RCAF Tour

During the week of August 26 to September 1, the Royal Canadian Air Force in conjunction with the Department of Education is sponsoring a Principal's and Guidance Counsellor's tour of Eastern Royal Canadian Air Force Training Stations. Among those chosen to participate is Herbert Mumby, Principal of the Vulcan High School.

The purpose of the tour is to acquaint Principals, Guidance Counsellors and other school officials with the training facilities and accommodation offered to recruits by the Royal Canadian Air Force. The tour will cover as wide a scope as possible within the allocated period so school students can be accurately counselled regarding the requirements of the RCAF and the characteristics of an RCAF career. Thirty-three school officials from the Provinces of Alberta and British Columbia will participate in the tour.

Training stations to be visited include those at St. Hubert P.Q., Trenton, Clinton and Centralia, Ont. A complete tour of the College Militaire Royal at St. Jean, P.Q. and the Electronics Training School at Clinton will be made.

The visitors will also be given an opportunity to attend a performance at the Stratford Theatre. Four different types of RCAF transport aircraft will be used including the recently acquired "Cosmopolitan" and "Yukon."

phase of the youth work. Faith Wildeman, a former Vulcan resident, now of Medicine Hat was appointed commission leader of the youth work.

The Vulcan Congregation of Jehovah's witnesses will be cancelling its meetings from July 30 to August 5 since the whole congregation will be attending the "Courageous Ministers" district assembly in Lethbridge that week. Gordon Chapman, presiding minister of the Vulcan Congregation announced that plans had been completed to transport the delegates to the Assembly, and for rooming facilities while in the Convention City.

Girls' Club Float Wins Third Prize

The Queen Dramettes (Carmangay Drama Club), spent days making paper flowers in many pastel shades and entered a car in the Lethbridge Exhibition Parade, July 25. The car was completely covered with these lovely flowers except for the side doors on which heavy gold foil glistened in the sunlight. The words "Drama Club" in huge letters of green foil were placed on the gold. "Carmangay" in green letters across the front told where the car came from and on top was a huge glittering gold crown on which "Queen Dramettes" was lettered.

The Queen Dramettes themselves dressed in white, sat on the car, both front and back and one sat inside the crown at the top. The girls wore banners telling they were "Queen Dramettes", and Michael Hwozdecki dressed in colourful regalia of an Indian Chief sat between two dramettes on the front of the car, and wore a banner which said he was "Chief Talent Scout."

After staying up until 1:30 a.m.

Open on Sunday from 10 a.m. to 3 p.m., from 8 a.m. to 6 p.m. week-days, and 8 a.m. to 9 p.m. on Saturday, this coming week. Richardson & Gould Ltd.

The New Diamond Feed and Weed Control Unit is the result of more than three years of engineering, research and field testing, by men who know farming.

Installed on rear of most combines, it collects chaff, grain and weed seeds that pass over combine sieve. 1000 lb. Auto Dump Forage Tag-along is operated by the pull of a rope—combine never stops. Pile of chaff is 6'x8'x4½ ft.

Many farmers and ranchers who are customers of ours are wintering their cattle on chaff feed with no supplement at all. As a progressive farmer, you owe it to yourself to see this new, amazing farm help.

is done by Imperial

At Imperial Oil's laboratories at Sarnia, Ontario, more than 200 scientists and technicians are working to improve present petroleum products—and to develop new ones. Their research covers many fields, from gasolines to household detergents.

Another 130 scientists and technicians are working at Imperial's Calgary laboratories on ways to find and produce more Canadian crude oil and natural gas. Imperial does more research than all other oil companies in Canada combined.

ALWAYS LOOK TO IMPERIAL FOR THE BEST

Practically anywhere you look today you'll find things that are made from oil. Chemicals from petroleum are the building blocks for hundreds of things from plastic toys to automobile tires. Imperial Oil research chemists and technicians are working to develop more of these basic chemicals for Canada.

IN MEMORIAM

MUNTON—In loving memory of our dear husband and father, Evan Munton who passed away July 31, 1959.

Three lonely years have passed since our great sorrow fell. The shock we received that day no one can ever tell.

God gave us strength and courage, but what it meant to lose him; No one can ever tell.

It's a lonely life without you and sad has been the way. For life at home is not the same since you were called away.

For when the storms of life are o'er, We all shall meet to part no more.

A Letter to the Editor

The Vulcan Advocate
Vulcan, Alberta

Dear Sir:—Yesterday I had the pleasure of joining with members of the Canadian Western Natural Gas Company in celebrating the Company's 50th Anniversary.

It was most interesting to see the number of people present who had been consumers for 50 years. They renewed acquaintanceship with some of the employees who were with the company in 1912. Among these were P. D. Mellon, a director of the Company and Phil Heather, director of customer services.

I have been in the public utility business for the past 35 years which experience includes service from Victoria, BC to St. John's, Newfoundland. In my opinion, the service rendered by the Canadian Western Natural Gas Company to the citizens of Calgary and Southern Alberta cannot be excelled anywhere. Their employees, it seems to me, go just a little beyond the call of duty in rendering that friendly service which is so much appreciated.

It gives me pleasure to write this letter to pay tribute to the Gas Company and its courteous employees.

—An Appreciative Gas Consumer

BALLOON LANDS IN ALBERTA

BELLINGHAM, Wash.—Fifth-grade students at Western Washington State College launched 25 weather balloons March 15, with postcards attached.

The first of the postcards was returned this summer. It was sent to Chris Chads, one of the students, by John Papp of Milo, Alta., about 85 miles southwest of Calgary.

"He was out shooting gophers when he saw the balloon," Chris reported. "He's in the 12th grade." On the basis of his weather course, the fifth grader had this explanation of how the balloon

got to Alberta: "It probably went down Western Washington, looped up the Columbia River, over the Continental Divide, then to Canada on a circular storm."

Early Summer Weddings of Interest in the Vulcan County

Olmstead — Johnson

Scarboro United Church, Calgary, was the scene of a pretty summer wedding, on June 16, at 4:00 p.m., when Grace Elaine, only daughter of Mr. and Mrs. Harold J. Johnson of Vulcan, became the bride of James Foster, youngest son of Mr. and Mrs. Vernon Olmstead of Carberry, Manitoba. Rev. G. A. Colpitts of Carberry, uncle of the groom, officiated at the double ring ceremony. Rev. Colpitts had officiated at the wedding of the groom's parents 41 years ago as well as three other members of the family.

The altar was decorated with bouquets of gladioli and mixed summer flowers and the guest pews were marked with white satin bows.

Given in marriage by her father, the bride entered the church to the strains of the "Wedding March". She appeared in a floor length gown of organza over taffeta with bodice trim and lily point sleeves of chantilly lace. The skirt featured a centre front panel appliqued with chantilly lace as were the two side front panels. The back panels which were also trimmed in the same manner, ended in a sweep train. The bodice and appliques were trimmed with iridescent sequins and seed and rice pearls. Her full cloud illusion veil misted from a Queen's crown of crystal and pearl. She carried a cascade bouquet of red delight roses and stephanotis with white satin streamers knotted with red rose buds. A single strand of pearls, gift of the groom, was her only jewelry.

The maid of honor, Miss Joni Henry of Vancouver, B.C., wore a frock of turquoise lustre sheen sheer over blue taffeta with a sash of blue peau de soie. The skirt was very bouffant and the bodice featured a scoop neckline with V-back and very short kimono style sleeves. Her head piece was a blue tiara, trimmed with pearls and crystal and featuring a shoulder length veil.

The bridesmaids were, Miss Kay Tetley of Calgary and Miss Gail Lukens of Red Deer. Their frocks were identical in style to that of the maid of honor, but the under skirts and sashes were in a paler

shade of blue, as were their head pieces. All the girls wore white sheer gloves and white shoes. Their cascade bouquets were of pink carnations with white satin bows.
